33 responses

By sharing campus news

Institute must be in touch with the alumni by hosting alumni meets , alumni guest session, institute should have our own alumni community separately which can take the students of SBS under their wings .

One to one communication

Please support for placement and find right path to any specialization

Teaching staff should be more qualified, knowledgeable.

Arrange more programs that will lead to the development of relationship between students and faculty.

Arrange good visit

Plan a trip atleast a year through college

Make lectures more effective and interesting

First Provide good Placement opportunity to student during their course then automatically good relationship will be formed between alumni and college.
